

BETAMAG 12

EQUISTRO®

BEHAVIOUR SERENITY FOR ATHLETIC HORSES

Dietetic complementary feeding-stuff rich in magnesium and vitamin B12.

Powder - Ingredients : Glucose, Magnesium oxide, Magnesium fumarate
Additives/kg : Vitamins and pro-vitamins: Vitamin B12 (Cyanocobalamin) 250 mg
Analysis : Ash 52%, Magnesium 15%, Calcium 9.5%, Water 4.4%, Fat 2.5%, Protein 0.3%, Fibre 0.3%, Sodium 0,2%

▼ Nutritional value:

BETAMAG 12 is a combination of a rapidly available magnesium salt and a slower releasing salt in association with vitamin B12. BETAMAG 12 has, rapid and long lasting effects, on the nervous system and muscular metabolism allowing for a healthy mental and physical performance.

▼ Usage:

- Athletic horse : preparation for physical exertion or a stressful situation (transport, environment change ...)
- Insufficient magnesium supply : aiding the rapid and lasting restoration of a balanced nervous and muscular metabolism (trembling, contractions, cramp...)

▼ Recommended administration:

Administration duration :

- Double the administration quantity during the initial 10 days in cases of deficient feed supplies of magnesium or vitamin B12 or in anticipation of a stressful situation (transport...) or large physical effort.

Adult horses

Standard sized horses (500 kg):

1 scoop (= 25 g) per day

Light horses and ponies:

1/2 scoop (=12.5 g) per day

Foals:

Half of the above administration

Pack size

- 1 kg pot with measuring scoop

Vétoquinol
