

# BETAMAG Forte

EQUISTRO®

## BEHAVIOURAL STRESS RESISTANCE

A liquid organic complex of high biological value magnesium and zinc.

**Liquid - Ingredients :** Magnesium aspartate, Sucrose

**Additives/kg :** Composed of trace elements: Zinc chloride (E6) 12 700 mg

Aromatic substances: Glycine 29 800 mg

**Analysis :** Water 71%, Protein 12.2%, Ash 3.78%, Magnesium 1.3%, Fat 0.8%, Fibre 0.3%, Sodium 0.2%

### ▼ Nutritional value:

BETAMAG Forte is a liquid formula composed of organic magnesium and zinc that supplies the nutrients essential for the regulation of the muscular and nervous systems. The zinc, contained in BETAMAG Forte, is supplied in the organic complex IPALIGO® form, unique to Vetoquinol, thus ensuring an excellent bioavailability and retention as demonstrated in the horse for IPALIGO® zinc.

### ▼ Usage:

Dietetic feeding stuff for horses : Supplies zinc and magnesium for the preparation of the organism for a better resistance against stress and its negative effects, in particular when a potential risk associated with change could result (changing stableyard...).

### ▼ Recommended administration:

Administer in feed or drinking water. Once or twice daily for 2 weeks or longer if necessary.

#### Adult horses

Standard sized horses (500 kg):

10 to 20ml per day

Light horses and ponies:

5 to 10 ml per day

Foals:

Half of the above administration

Pack size

- 1000 ml bottle

**Vétoquinol**  
 *Signe de Passion*
