

# EXCELL E POWDER

EQUISTRO®

## MUSCLE FUNCTION HEALTH

Concentrated vitamin E, organic selenium, magnesium and lysine to aid muscle cell resistance and limit muscular tension.

**Powder - Ingredients :** Glucose, Magnesium oxide 1.2%

**Additives/kg :** Composed of trace elements: Selenium (organic form from inactivated selenium yeast – *Saccharomyces cerevisiae* CNCM I-3060) (E3b8.10) 10 mg. Amino acids and salts: L-Lysine hydrochloride 49 300 mg. Vitamins and pro-vitamins: Vitamin E/all-rac-alpha-tocopheryl acetate (3a700) 45 000 IU

**Analysis :** Crude ash 14.7%, Ash insoluble in HCl 12%, Moisture 9%, Crude protein 6%, Fat 4%, Crude fibre 1.5%, Sodium 1%, Magnesium 0.6%

### ▼ Nutritional value:

EXCELL E Powder supplies 4 key nutrients of high biological value that are in a readily available form for muscle metabolism:

- L-Lysine, an essential amino acid, necessary for muscle protein synthesis.
- Vitamin E and selenium, 2 antioxidants that play a primordial role in muscle cell integrity.
- Magnesium which is important in neuromuscular transmission.

### ▼ Usage:

Complementary feedingstuff for horses : EXCELL E Powder use is recommended:

- sports or pleasure horses
- during winter or when work is to be started up, for its supplementation in lysine, vitamin E, selenium and magnesium
- to optimise the muscle metabolism and muscular performance

### ▼ Recommended administration:

Add EXCELL E Powder in the feed.

#### Adult horses:

Standard sized horses (500 kg)

2 scoops (= 50 g) per day

#### Foals and ponies:

1 scoop (= 25 g) per day

#### Pack size

- 1 kg pot with measuring scoop
- 3 kg bucket with measuring scoop
