

EQUISTRO®

HEALTHY HOOF AND COAT DEVELOPMENT

A liquid complex containing key elements for a healthy and resistant hoof structure.

Liquid - Ingredients : Sodium chloride, magnesium chloride

Additives/kg : Composed of trace elements: zinc as chloride (E6) 9 400 mg, manganese as chloride (E5) 2 970 mg, selenium as selenite (E8) 25 mg. Amino acids and salts: DL-methionine (3.1.1.) 9 900 mg

Vitamins and pro-vitamins: D(+)-biotin 1 485 mg, Beta-carotene (E 160 a) 1.39 mg

Aromatic substances: Glycine 30 300 mg

Analysis : Moisture 86%, Protein 4.2%, Ash 1.7%, Fat 0.8%, Fibre 0.3%, Sodium 0.2%

▼ Nutritional value:

KERABOL is rich in high biological value methionine, zinc (IPALIGO®) and D-biotin as well as antioxidant and enzyme precursors such as β -carotene, selenium and manganese (IPALIGO®).

Used daily, KERABOL helps stimulate hoof and hair metabolism thus favouring a shiny coat and a healthy hoof that is supple and not brittle. IPALIGO® is the organic complex form unique to Vétoquinol that ensures excellent bioavailability and retention as demonstrated in the horse for IPALIGO® zinc.

▼ Usage:

A complementary feedingstuff for horses :

Daily use, KERABOL favours a healthy hoof growth, a shiny coat, and a good horn quality and conformation that is elastic and not brittle.

▼ Recommended administration:

Administer KERABOL in feed or drinking water.

Adult horses: Standard sized horses (500 kg) 10 ml per day (15 ml for heavy horses or in case of rapid requirement)

Ponies and Foals: 5 ml per day

Pack size

• 1000ml bottle

The original formula

Vétoquinol
