### ▼ Nutritional value:

LEGAPHYTON contains Silybin from Milk Thistle fruit, known for their hepatic function support virtues. It supplies also high quality protein and carbohydrates that are readily assimilated, particularly useful in animals whose digestion is disrupted.

### ▼ Usage:

Dietetic complementary feedingstuff for horses :

LEGAPHYTON is recommended in situations where liver and hepatic function is required to be optimal:

- During convalescence period
- Overweight ponies, noxious plant ingestion
- Old horses

### ▼ Recommended administration:

Add LEGAPHYTON to the feed.

**Adult horses:** Standard sized horses (500 kg) 1 scoop (30 g) per day
