Additives /kg : Vitamins and pro-vitamins: Choline (as choline chloride) 8 000 mg, Niacin 1 400 mg, Vitamin B1 (as mononitrate) 980 mg, Vitamin B6 490 mg, Calcium pantothenate 490 mg, Vitamin B2 400 mg, Vitamin B12 0.02 mg. Amino acids and salts: L-tryptophan 49 000 mg

Analysis : Protein 14.5%, Fibre 11.7%, Moisture 7%, Crude ash 6.5%, Fat 1.2%, Magnesium 0.6%, Sodium 0.2%

▼ Nutritional value:

Via its plant composition with relaxing virtues, L-Tryptophan, B-complex vitamins and nervous system regulators, QUIETPHYTON helps to limit the organic repercussions of stress. QUIETPHYTON likewise, regulates the nervous behaviour of impulsive or "hot-headed" horses thus making them more manageable for working.

▼ Usage:

Dietetic feedingstuff for horses : QUIETPHYTON use is particularly recommended :

- in anticipation of a situation likely to induce stress
- in horses presenting issues linked to stress (digestive ...)
- in horses that are nervous, impulsive or "hot-headed"

▼ Recommended administration:

Add QUIETPHYTON to the feed ration. Horses exhibiting stress, give for at least 1 week or longer if necessary. Prior to an event, give at least 1 week before hand.

Adult horses

Standard sized horses (500 kg):

80 to 100 g per day

Light horses

40 to 50 g per day

Ponies

20 to 25 g per day

Foals:

Half of the above administration

Pack size

- 1.2 kg bucket with measuring scoop
- 4 kg bucket with measuring scoop
