

EQUISTRO® KERABOL BIOTIN

Healthy hoof and hair growth

A unique complex of D-biotin, methionine and IPALIGO® zinc for healthy hair and hoof growth in combination with organic selenium and IPALIGO® manganese

Powder - Ingredients :

- Zinc (IPALIGO®) : 6 650 mg/kg
- Manganese (IPALIGO®) : 2 000 mg/kg
- D-biotin : 1 330 mg/kg
- Methionine : 333 000 mg/kg
- Selenium (Sel-Pex®) : 16,5 mg/kg

Nutritional value:

D-Biotin (the most bioactive isomer of Biotin) is an essential component for numerous enzyme systems associated with growth, bone development and epidermal tissue integrity.

Methionine, as an essential amino acid, plays a role in cysteine synthesis, the major rate-limiting amino acid for keratin synthesis.

Zinc, a component of more than 200 enzymes, is vital for overall cellular function. Suboptimal levels of the above can lead to hoof skin and coat issues.

Selenium and **manganese** constitute important powerful biological antioxidants.

Usage:

Complementary feedingstuff for horses :

Used daily, **EQUISTRO® KERABOL BIOTIN** can help stimulate hoof and hair metabolism thus favouring a shiny coat and a healthy hoof that is supple and not brittle.

Recommended administration:

Add **EQUISTRO® KERABOL BIOTIN** to the feed or drinking water. Administer daily, can be used long term, for further advice consult your veterinary surgeon.

Adult horses	
Standard sized horses (500 kg)	1 scoop (= 15 g) per day
Light horses	½ scoop (= 7,5 g) per day
Ponies	¼ scoop (= 3,75 g) per day
Foals	Half of the above administration

New FORMULA
replaces
BIOTIN Forte

Pack size

- 1 kg pot with measuring scoop
- 3 kg bucket with measuring scoop

Can be administered in complete confidence in accordance with local and international rules up until the day of an official competition or race.
