

# EQUISTRO<sup>®</sup> ELIMINATION

## Post exertion recovery

Complementary feedingstuff favouring elimination

### Liquid - Ingredients :

- Artichoke extract (*Cynara scolymus*) : 16%
- Bush clover extract (*Lespedeza capitata*) : 13%
- Java tea extract (*Orthosiphon stamineus*) : 11%

### Nutritional value:

These three researched and selected plants, thanks to their various and complementary phytonutrients are reputed to support healthy hepatic and renal activity for an optimal post exercise recovery time.

### Usage:

**EQUISTRO<sup>®</sup> ELIMINATION** use is recommended following an intensive work program in an effort to help restore a full and healthy recovery: Athletic horse following a period of intense exercise (e.g. training, racing, endurance or eventing) or when a healthy recovery between events/training is desired.

### Recommended administration:

Administer pure **EQUISTRO<sup>®</sup> ELIMINATION** or incorporate it into the food or water.
